Program Objectives

By attending this meeting attendees will be able to:

- Understand the crucial role of dietitians in the PDPM model
- Define the International Dysphagia Diet Standardization Initiative (IDDSI)
- Troubleshoot common PN concerns and complications
- Learn about different types of stress, what the brain and body do or not do, and how you can take care of yourself
- Identify patients who would benefit from the Gluten free diet vs. FODMAP diet
- Apply the four principles and some of their respective ethical standards into a variety of professional practice setting.

MD DHCC is thrilled to announce:

Pamela Cureton will explore Celiac disease and new FODMAP practices

Courtney Tarlton will share the International Dysphagia Diet Standardization Initiative

Benjamin Adduru will discuss the new Patient Driven Patient Model (PDPM) CMS guidelines.

And so much more! We hope you can join us!

Announcement Board will be available
for Job Postings (for free)!
